**System Requirements For JamesZhu Internet Browser:**

INTRODUCTION When I was a teenager I started on the calligraphy work "The Meaning of Life" that I still carry with me to this day. I worked on this project for a year before I realized that I just didn't have the capacity to create a work of this magnitude. Although I wouldn't recommend it for any of you, I think it's important that you know your own limits, and ask for help when you need it. That's why I am working on this guide, to give you the confidence to reach out when you need it.
